In a New Digital World

Digitalization has been transforming business landscape, thus create a new environment with new sets of opportunities, regulations, and new competition settings. Business should respond to these challenges by deploying and optimizing digital platforms, and use them as leverage to gain competitive advantage. The integrated transformation of Governance, Risk Management and Compliance (GRC), with the assist of digitalization, could promote companies' sustainability goals.

Risk Beyond 2018 International Conference on Enterprise Risk Management is designed to provide risk management practitioners around the world an extensive insight in various issues and challenges that organizations face in this recent digital era. This event facilitates panel discussion, presentations and knowledge sharing with the speakers and participants from various backgrounds around the world.

Risk Beyond International Conference 2017

ERMA
INTERNATIONAL
CONFERENCE
ON ERM

Overview

Risk Beyond 2018 International Conference on Enterprise Risk Management will be held on December 6-7, 2018, taking place at the beautiful and luxurious Hotel Tentrem, Yogyakarta, Indonesia. The two-day conference will have keynote sessions, panel discussions, breakout sessions, networking breaks, and exhibition booths. For the breakout sessions, each participant is free to choose their most desired sessions. Participants will have the opportunity to delve deep, explore their topic of interest, and participate more actively.

In Risk Beyond 2018, risk professionals would be able to devote two full days in the company of more than 300 national and regional risk management professional peers, within a learning and sharing environment. Thus, it is an excellent place to exchange experiences and knowledge.

Conference Session

With the theme of 'Integrated Governance, Risk, and Compliance (GRC) In a New Digital World', this program is designed to provide risk management practitioners a comprehensive insight in various issues and challenges that organizations face in this digital era. This event facilitates discussion and knowledge sharing with the speakers and participants from various backgrounds concerning the issues that have been faced by risk management practitioners. This event introduces a variety of topics such as:

- ISO 31000 as the International Risk Management Standard
- Embrace Future Risks with Confidence
- Integrated GRC in Financial Services Industry
- Integrated GRC in Digital World; How to Implement Them in Decision Making Process
- Implementing Digital GRC - Concept, Framework and Application
- Managing Climate Risk as Part of GRC Transformation
- Managing Cyber Risk as part of Developing a Sound GRC
- Managing GRC in Strategic Projects - Today and Future

**Some topics are subject to confirmation. The organizer retains the right to change, add and modify the topics without prior notice.*

Why Attend?

Risk Beyond 2018 is the ideal interface for expert and practitioners from business, economics, technology, and other fields to create synergies to govern and manage risk. The program will provide insight on how risk management and risk governance creates stability and continuity of businesses by accommodating discussions through experience sharing on various issues from various perspectives.

Who Should Attend?

Risk Beyond 2018 is designed to meet the needs of risk professionals from various corporate functions including Board Members, C-level Officers, Directors, Managers, and Heads of Department in Regulatory and Supervisory Authorities, Auditing, Finance, Compliance, IT Auditing, Information Technology, Corporate Governance, Corporate Affairs, and many other corporate functions.

Speakers

Risk Beyond 2018 will feature national and global experts in risk management in order to provide the audience with a wide and rich perspective on governing and managing risks, and how these perspectives can be applied in organizations. Risk Beyond 2018 speakers are from a wide variety of industries and expertise. Some of the speakers, among others are:

“Never in history has the requirement for good governance, managing risk and achieving compliance been so affected by a volatile and ambiguous operating environment. Understanding current risk and anticipating future risk permeates all organisations and International Standards provide the guides to inform your decisions in this increasingly complex world.”
