Risk Management; The Next Generations

Embracing **GRC** in Industry 4.0

Industry 4.0 offers big opportunity in the name of greater efficiency, yet it requires more awareness and understanding of the next generation of risks. Coupled with the rise in regulatory compliance requirements, the immediate transformation in the way businesses plan their strategies in order to turn these challenges into opportunities, become obligatory. The ability and agility in navigating the new practice of Governance, Risk Management, and Compliance (GRC) in the sea of countless possibilities will differentiate winners and losers in this disruption era.

Risk Beyond 2019 International Conference on Enterprise Risk Management is designed as a platform to interact with hundreds of risk professionals across the world. It is an ideal interface for expert and practitioners from business, economics, technology, and other fields to create synergies to govern and manage risks. This event facilitates panel discussion, presentations and knowledge sharing with the speakers and participants from various backgrounds around the world.
