# Future-Ready Leadership: Governance, Sustainability & Transformation for Indonesia's Boardrooms

## Why This Programme?

Indonesia is at the crossroads of growth and transformation. As the country deepens its global integration and regulatory sophistication, boards and directors are expected to lead with resilience, integrity, and foresight. At the same time, sustainability, digitalisation, and governance risks are redefining business success. This unique three-in-one leadership programme brings together the strengths of Singapore Management University (SMU), Deloitte, and CRMS Indonesia to empower Indonesian directors with future-ready competencies and equips directors to transform challenges into boardroom opportunities.

## The Holistic Edge Of This Programme: The 3 Pillars of Transformation

The programme consists of three segments. They are:

### 1. Agile & Ethical Leadership (2 Day - SMU)

- Navigate volatility with confidence using proven frameworks like Cynefin and Future-Back Planning.
- Build resilience and adaptive capacity in organisations to withstand disruption.
- Shape corporate culture with ethical leadership as the foundation for sustainable growth.

### 2. Sustainability & Digital Risk Leadership (2 Day - Deloitte)

- Translate sustainability priorities into boardroom strategy, ensuring long-term value creation.
- Understand and mitigate ESG, digital, and enterprise risks.
- Sharpen oversight in areas like greenwashing, GenAI, and regulatory shifts.

### 3. Governance, Risk & Compliance Excellence (2 Day - CRMS)

- Master integrated GRC from an Indonesian legal and regulatory perspective.
- Strengthen fiduciary responsibility, accountability, and compliance frameworks.
- Anticipate and respond effectively to board-level compliance risks, enhancing credibility with regulators and investors.

## What Makes This Programme Unique?

- Global Expertise, Local Relevance – International best practices from Singapore and Deloitte, contextualised with Indonesia's unique GRC and corporate environment by CRMS.
- Boardroom-Centric – Designed specifically for directors and senior leaders, focusing on decision-making at the highest level.
- Action-Oriented Learning – Role plays, simulations, and real Indonesian case studies ensure

## Who Should Attend

**This exclusive programme is designed for:**

- Board of Directors & Board of Commissioners of listed companies, family businesses, state-owned enterprises, and financial institutions in Indonesia.
- C-Suite Executives (CEO, CFO, COO, CRO, CIO, CHRO) who play a strategic role in governance, risk oversight, and digital or sustainability transformation.
- Senior Leaders in Governance, Risk & Compliance (GRC), ESG, and Corporate Strategy who advise boards and are responsible for embedding sustainability, digital risk, and ethical leadership into organisational practice.
- Emerging Leaders and Successors identified for future board or commissioner roles in Indonesian corporates.
